REDCLIFF, ALBERTA, THURSDAY, NOV. 14, 1918.

Number 46.

\$56,000 FOR VICTORY LOAN IN REDCLIFF

New Within Shoaling Distance
of Doubling Our Allotment—
Now Have Four More Crowns
For Honor Flag.

Although Redcliff has won the honor flag for going "Over the Top" in the Victory Loan campaign, and as mentioned in our last issue, has now one crown, the canvassers are not letting up on their work nor are the people lessening their interest in the campaign.

The result is that today we are within a few thousand dollars of just doubling our quota and the prospects are that when the campaign closes on Saturday night we will not only have doubled our allotment but will have given several thousand dollars over that again.

Redcliff's allotment was thirty thousand dollars. At the time of writing we have not only gone over the top and taken the first line trenches, but we are well on the road to doubling our allotment. The figure to date are \$53,600.58. As there are still more canvassers to be heard from and as there are a number who have already subscribed who intend taking out more bonds since peace has been declared, there appears to be little doubt at present that we will reach the \$60,000 mark.

This encouraging and satisfactory news should be an incentive for canvassers and the public alike to put forth an extra effort in the next two days in order to make a record that will probably not be equalled by any town this size in Canada. All together for a long and strong pull at the finish.

Mr. Coulins was in town yesterday and after going over our books sent a wire to headquarters ordering four more crowns for our honor flag.

Bowell Auxiliary Makes Donation

The local Red Cross branch acknowledges the following donations of work from the Bowell auxiliary: Six bottle covers, six many-tailed bandages, five face cloths, one quilt, pyjamas, four nurses aprons, three flannel shirts, three pair slippers, one pair socks.

This auxiliary has been doing excellent work since organizing but the epidemic raging throughout the province has put a damper on any work for the past few weeks. As a precautionary measure no more work will be given out till after the epidemic.

Canada's Message From King George

The following telegram has been received by His Excellency the Governor General from His Majesty the King: "Buckingham Palace, London, Nov. 11, 1918.—At the moment when the armistice is signed, bringing, I trust, a final end to hostilities which have convulsed the whole world for four years, I desire to add a message of greeting and heartfelt fraternal wishes to my overseas subjects whose wonderful efforts and sacrifices have contributed so largely to secure the victory which is now won. Together we have borne this tremendous burden in the fight for justice and liberty. Together we can now rejoice at the realization of those great aims for which we entered the struggle. The whole empire pledged its word not to sheath the sword until our end was achieved. That pledge is now redeemed. The outbreak of war found the whole empire one. I rejoice to think that the end of the struggle finds the empire still more closely united by the common togetherness, held firm through all vicissitudes, by the community of suffering and sacrifice—by the dangers and triumphs shared together. The hour is one of solemn thanksgiving and of gratitude to God, whose divine providence has preserved us through all perils and crowned our arms with victory. Let us bear our triumph in the same spirit of fortitude and self-control with which we have borne our dangers."

Flu Patients Are Progressing Favorably

For a few days after our last issue it looked as though the epidemic was on the wane and that it would only be a short time till it was all over. A change in the weather, however, started things going afresh and new cases were reported almost every day. During the week about forty new cases have developed. Fortunately about an equal number of those who first contracted the "flu" had sufficiently recovered to be released, so that no difficulty was experienced in taking care of all the cases.

The hospital is still running quite smoothly and although a number of the original staff contracted the "flu" their places were soon filled by other willing helpers.

All the cases at present in the hospital and around in private homes are progressing most favorably and in due time no deaths have occurred.

A late report from London says a proclamation will be issued on Nov. 25, summoning a new parliament. This announcement was made by Andrew Bonar Law in the house of commons today. Nominations will be made on Dec. 4, and polling will take place on Dec. 14. The date for the counting of the ballots will depend on the bill passed before parliament. If the bill passes without amendment the counting can be postponed until Dec. 28th.

HOSTILITIES CEASED ON MONDAY LAST

German Representatives Sign
Armistice Within Specified
Time and Fighting Stopped at
Few Hours Later—Means Un-
conditional Surrender.

It was officially announced from Washington at about three o'clock last Monday morning that the German representatives had signed the armistice, and the hostilities would cease at eleven o'clock that morning, Paris time. Allowing for the difference in time between here and the battle fronts the notice of the signing of the armistice also meant that fighting had ceased.

The terms of the armistice have already been made known and a careful perusal of them will show that the allied commanders have forgotten nothing, and that the signing of it was a complete and unconditional surrender on the part of the enemy.

Space will not permit going fully into all the terms but we give below some of the most important:

Immediate retirement of German

military forces from France, Belgium and Alsace-Lorraine.

Disarming and demobilizing of the German armies.

Occupation by Allied and American forces of such strategic points in Germany as will make impossible any renewal of hostilities.

Delivery of part of the German high seas fleet and all submarines to the Allied and American forces.

Disarmament of all other German warships under the supervision of Allied and American navies, which will guard them.

Occupation of principal German naval bases by sea forces of the victorious nations.

Release of Allied and American soldiers, sailors and civilians held prisoners in Germany without such reciprocal action by associated governments.

The withdrawal of all German troops from that part of Germany west of the Rhine river and for thirty miles east of it, and all this territory to be placed under the control of the Allies.

Next Sunday Set For Thanksgiving

Sunday next has been fixed by the government as a day of national thanksgiving to celebrate the conclusion of peace. Churches throughout the Dominion are requested to hold special thanksgiving services.

Returned Soldiers Get Employment Here

A representative of the Returned Veterans Association was in town yesterday, for the purpose of seeing that arrangements could be made to find employment for some of the returned soldiers here. He visited the Agriculture and was well received. After stating his case to the managers he secured employment for eighty of these returned men. Forty of them will be taken on at the Rolling Mills and forty at the Brick & Coal plant. It is expected these men will arrive early next week.

Want Wilson to Attend Conference

Messages from high sources in Europe are reaching President Wilson urging that he personally attend the great peace conference that will settle all the issues growing out of the war. The president, it was said yesterday, has given no indication of how he regards the suggestion, though some of these usually well informed believe he has an open mind on the subject, and may give it consideration.

German Murders Victory Loan Worker

Tip Blain, of Drumheller, a Victory Loan canvasser, was shot and instantly killed by A. Arnold, in command of the German army. Blain, with other canvassers, had gone to Arnold's house to try to sell him a Victory Bond. When Arnold did not open the door in answer to their repeated knocks, Blain opened the door and went inside. He was met by Arnold with a rifle in hand and shot dead. The murderer held the other canvassers at bay till he made his escape. He was later caught at Delia.

CELEBRATION OF ARMISTICE IS HELD HERE

Good Procession Formed and
Open Air Meeting Held After-
wards—All Joined Heartily
in the Proceedings.

Do Not Relax Victory Loan Efforts

Last Monday afternoon and evening Redcliff celebrated the signing of the armistice in a very fitting manner. In the morning the blowing of all the whistles in town announced the good news. This was also the signal for all to forget his and her business and domestic troubles and celebrate the occasion. All the industries and most of the stores closed down for the day, and the streets took on a very lively appearance.

A committee of the more enthusiastic met and arranged for a procession and, draw up an impromptu program which was carried out after the procession. About 2300 the procession formed on Broadway near the corner of Third. Headed by the Mayor with his car flying the honor flag won by the town for going over the top in the Victory Loan campaign, the procession which was made up of the band, the Boy Scouts, automobiles and pedestrians, proceeded around the principal business and residential streets and came to a halt at the bandstand on Broadway. Here the crowd all joined heartily in singing "Praise God From Whom All Blessings Flow," after which the Rev. G. L. Gordon offered a most feeling prayer of thankfulness. Short addresses, touching on the importance of the occasion and the cause for great rejoicing were given by E. L. Stone, Mayor, and Rev. H. C. B. Gibson. The band played a number of patriotic and popular airs after which Rev. Gibson pronounced the benediction.

In the evening young and old entertained themselves with a song and cheerfully into the spirit of the occasion and gave vent to their pent-up feelings in all sorts of ways. Comic recitations were given, very much in evidence when the crowd assembled at the corner of Broadway and Third a large bonfire was started. When the fun was at its height an effigy of the Kaiser was given a warm coat on the top of the pile. There were no tears shed as the effigy sizzled, to ashen.

THE COUNCIL ADOPTS THE VOTERS' LIST

Committee Appointed to Ar-
range New Plan of Taxation
For Next Year—Meeting Held
Wednesday, as Government
Proclaimed Monday a Holi-
day.

As last Monday was recognized as a public holiday the regular meeting of the town council was not held till last evening. Mayor Bott was in the chair and the following councillors were present: Messrs. Lydiate, Lavelle, Broughton, Oates and Perrin. The minutes of the last regular and special meetings were read and adopted, after which there was a lengthy discussion on the financial condition.

The matter of disposing of lot 20, block A, plan 5004A/V was referred to the Finance Committee on motion of Councillor Perrin on motion of Councillor Oates and Councillor Lydiate.

The secretary read a communication from the Department of Labor, Ottawa, authorizing the appointment of a committee to investigate as a fair price committee for Redcliff under order-in-council P.C. 2461.

There was a discussion on the plan of taxation to be adopted for next year but the matter was left with the Finance Committee with instructions to investigate and submit a report at the next regular meeting.

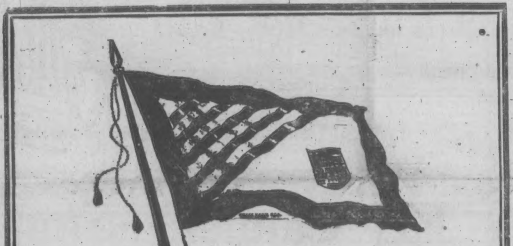

Councillor Lavelle drew attention to the fact that the south end fire hall was now unoccupied and suggested that the telephone now in the building be removed to the residence of Ray Towle as he was one of the firemen and convenient to the hall. The suggestion was acted upon and instructions given to have same removed.

Council then adjourned and met as a Court of Revision to consider the voters' list. Two requests were made by ratepayers to have their names added and as both these were found in order the secretary was instructed to have same added. The list as prepared by the secretary was then adopted on motion of Councillors Broughton and Lydiate.

Canadians Take Mons on End of Peace

A dispatch from Canadian headquarters in Belgium dated Nov. 11 says: "Peace descended like a mantle over the battlefield at 11 o'clock this morning. After that big gun ceased its challenge and a great overpowering quiet replaced turmoil, death and destruction."

Almost coincident with the signing of the armistice by the desperate enemy the city of Mons capitulated before relentless British pressure. Canadian troops under General Harnes followed captured the place. On this hallowed ground the troops are now resting on their arms, happy in the thought of the fitness of their final triumph. They had driven the enemy out by the same gateway through which Field Marshal Lord Dufferin and Field Marshal von Kluck hurled their great armies against the valiant little force of "Contempts" in 1914.

How Many Crowns for Your Honor Flag?

Of course every city, town and district
will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in
excess of its quota, each city, town and
district will be entitled to add a crown to
its flag.

Can you do fifty per cent. better than
your quota—that means two crowns for
your Honor Flag.

But double your quota and it means
four crowns.

Hang a Flag in your hall, that may
for years to come will show that your city,
town or district did better than well—

That it was a real factor in the huge
success of CANADA'S VICTORY
LOAN 1918.

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada

THURSDAY, NOV. 14, 1918

HOSTILITIES CEASE.

Hostilities in Europe have ceased. When this news was flashed around the world in the early hours of last Monday morning it was the signal for great rejoicing in every corner of the civilized world. Although the final peace is not yet, and although our country is still at war, yet when the terms of the armistice became known and it was seen that the allied commanders had forgotten nothing, it is generally admitted that we are now on the threshold of a new era of peace, as the enemy has been left nothing with which to renew hostilities if he so desired.

With this announcement a great sigh of relief and thankfulness went up from millions of people throughout the world. The nervous tension which held us for the past four years and three months of anxiety, sorrow and anguish was lifted and young and old gave way to their feelings of gladness, thankfulness and rejoicing.

And why shouldn't they? Did this victory not mean the greatest event in the history of the world for the past two thousand years. It meant the overthrow of autocracy and militarism and gave to the smaller nations of the world the right to govern themselves and to be dealt with fairly by their more formidable neighbors. In a word it meant the fulfillment of the "Biblical" teaching that "Righteousness alone exalteth a nation."

There were times at the beginning of the war and even down to a few short months ago when the teachings of our early lives may have, for the moment, been shattered, and we may have found ourselves doubting the fulfillment of them. But the announcement of the great event last Monday brought home to us as individuals as well as a people that it is not the outward appearance which count in the great summing up.

Yes, the war is over. The fiercest and bloodiest war of all history is drawing to a close and with it a jealous, envious, covetous, military-mad, autocratic nation goes down to ignominious defeat and humiliation. What was to all outward appearance a once great nation has been brought to its knees, but the unfortunate part of it is that millions of innocent people have suffered untold agonies in order to bring it about.

Out of this war there are lessons to be learned for everyone, no matter what his creed or sect. If we would be worthy of the sacrifices made it behooves us to learn these lessons and to resolve that from now on our aim shall be to use our energies to make this old world a better place in which to live, because of the war. In that way we can best honor those who lie "in Flanders Field."

In winding up his note in which he agrees to accept the terms of the Allies demands to transfer his powers to the German people, the Kaiser says that in so doing "he" is promoting the welfare of the German people. It is to smile.

PRECAUTIONS.

The "flu" is still in our midst and there is no indication at present that it has run its course. In fact it is the opinion of medical men that the worst is yet to come, as the longer it hangs on the more severe is the type.

With this report we would again draw the attention of our readers to the great need of care and precaution. Strict attention should be maintained to all orders regarding greetings, wearing of masks, etc., and other precautionary measures set out by both the provincial and local boards of health.

Dr. Brown has asked us to again remind the people of the great need of taking the proper treatment and care when the first symptoms of the "flu" show themselves. He would also strongly urge upon all who have contracted the epidemic to be especially careful when recovering, and not to venture out for at least six days after the temperature has returned to normal. It is disregard for these precautions which brings on complications and it is in these cases that there are serious results.

TWO MORE DAYS.

Just two more days of Victory Bond sales. It was in the last few hours of fighting "over there" that the Canadian boys took the enemy stronghold of Mons. Let the last two days of the campaign here be the crowning of our excellent efforts so far.

Do not think that because peace is in sight the money is not needed. It is needed now as much as ever it was. Our soldiers have still to be fed and clothed and paid their allowances; the great re-construction period has to be financed and the boys have to be brought home again. When the Redcliff boys "Come Marching Home" let us lead the procession with our honor flag filled with crowns.

So far the canvassers have done exceptionally well and the people have given them liberal support. There may have been a few overlooked. If you are one of them call up the Review and we will have a canvasser call on you.

Although hostilities have ceased the food controllers in both Canada and the United States tell us that there is as great need as ever for strict observance of the food conservation laws. Urgent calls for food are coming from almost all the European countries and in many places the people are on the point of starvation. Russia's millions are crying for food and in Austria and Germany the situation is serious. Such is the irony of fate. Only a few short years ago Germany was going to starve out the British Isles and France. Today the hands she would have bitten are now feeding her people.

Just a word for the Victory Loan canvassers. Remember that he comes to you on behalf of the Dominion of Canada. He does so, in many cases at personal inconvenience and loss to himself. Treat him, or her, with the courtesy due to a representative of Canada. Remember the canvasser is doing our work, work which must be done if Canada is to maintain her position among the nations for a free world.

Prince Maximilian said a short time ago that Germany would fight to the bitter end. Maxie made a good guess all right but he is likely now trying to figure out who bit her end.

GREAT LIVE STOCK

DEMAND AFTER WAR
 Peace embolizes the world shortage of cattle, sheep and hogs—in fact, all live stock. Canada will be called upon to help restore the flocks and herds of Europe, and the after war demand will be greater than the war demand, in view of those in touch with conditions.

RATS ARE BIG EATERS.

Experts have estimated that one rat will consume 40 to 50 pounds of food in a year. It has also been figured that it requires the continuous work of about 165,000 men with farms, agricultural implements, and other equipment to supply the foodstuffs destroyed annually by rats in the United States and Canada. In addition rats destroy other property, mainly of agricultural origin, the production of which requires the work of about 55,000 men. This gives a total of 220,000 men whose economic output is devoted solely to feeding and otherwise providing for rats.

Russian Bolshevik forces are marching on Poland. They are now threatening the Finnish port of Viborg, 72 miles northeast of Petrograd.

Jack Canuck—Storekeeper

IN Manitoba, Saskatchewan and Alberta Jack Canuck is running an immense produce business these days.

He has millions of bushels of grain; boat loads of flour; vast herds of cattle, sheep and pigs; butter, cheese and poultry and other food supplies by the trainload.

The customers at his counter are Great Britain, France and Italy, whose credit is unquestionable, but who are just now short of cash. So Jack Canuck in order to sell his goods must give his customers credit until the war is won.

It is just the same situation that confronts every

storekeeper who gives farmers credit until their crops are harvested.

So Jack Canuck borrows money on Victory Bonds in order to give credit to his customers.

He pays good interest on Victory Bonds. He offers as security all Canada and everything contained therein.

By issuing Victory Bonds Jack Canuck keeps his big business going—and all the money he borrows from Canadians he spends in Canada.

We must buy Victory Bonds in order that the business of Jack Canuck shall remain prosperous and healthy.

We must buy Victory Bonds in order that our brave and gallant army shall have food, clothing, and ammunition to win complete Victory over the enemies of our country.

Buy Victory Bonds

so that Jack Canuck can continue to give credit to his customers

Issued by Canada's Victory Loan Committee
 in co-operation with the Minister of Finance
 of the Dominion of Canada.

STAKE YOUR ALL ON CANADA

THE war has brought prosperity to Canada. Millions of dollars in war contracts have come to her doors. Wages were never so high. Money was never so plentiful.

This is not the gift of the gods. It is a prosperity that must be used and conserved for the nation's welfare. No man lives for himself alone. He must share in the common sacrifice, in the common endeavor to make the nation great in war and in peace.

Canadians are today asked to loan for Victory, to loan for Continued Prosperity, to loan for Progress in time of Peace. They can do this through the purchase of Victory Bonds. It is every one's duty to buy Victory Bonds to the full extent of his or her ability. That is the civilian's part. It is the only way he can recompense those who have fought his battles. The security offered is Canada. Stake your all on Canada.

BUY VICTORY BONDS

THIS SPACE DONATED TO THE VICTORY LOAN 1918 CAMPAIGN BY

Dominion Glass Factory, Canadian Western Steel Co. and The Brick & Coal Co.

How Victory Loans Help Canadian Industries

The Imperial Munitions Board receives advances of nearly \$25,000,000 a month from the Dominion government.

It has received over \$650,000,000 in advances from the Dominion government and the Canadian banks.

It has placed \$1,500,000,000 worth of war orders in Canada for the British and other Allied governments.

An advance of \$10,000,000 enabled it to give orders to Canadian shipyards for 44 wooden ships. To this program 46 steel ships were added. Total value over \$40,000,000.

An advance of \$1,000,000 enabled the Board to begin the manufacture of airplanes in Canada; 3,000 have been built to date of a value of \$90,000,000.

Between 250,000 and 300,000 people are working in Canada on war orders obtained through the Board.

It has \$500,000,000 of war orders in sight for 1919.

To carry out this program will require millions in advance which must come from the Victory Loan.

German & Austrian Rulers Abdicade

Just before the news of the signing of peace arrived it was officially announced that the Kaiser had abdicated the German throne and had escaped into Holland. The crown prince and "me too" and accompanied his father to Holland.

On Tuesday of this week it was announced that Emperor Charles of Austria had also abdicated, and that a general strike would be declared in Vienna.

CANADIAN CASUALTIES.

In the awful conflict that ended Monday, Canada's glorious effort has cost heavily in loss of life and limb.

Up to and including October 31, the latest figures available, the total casualties were 311,285, divided as follows:

Killed in action, 34,877.

Died of wounds of disease, 15,477.

Wounded, 132,779.

Presumed dead, missing and prisoners of war, 8,545.

Total, 311,285.

Would Try Kaiser Now For Murder

Extradition of former Emperor William of Germany from Holland, and his trial in England on the charge of murder for which he has been indicted there, was urged by James W. Gerard, former ambassador to Germany, in an impromptu address before a theatre audience in New York.

Asking whether a man shall be allowed to escape who had "killed so many people that if they were stretched on the ground they would form a line almost around the entire world," Mr. Gerard answered his own question with an emphatic "I should say no."

Mr. Gerard declared "there is a treaty between Holland and England by which they can extradite the Kaiser who has been indicted in England, and try him before an English court."

"I guess we all know what the verdict would be. When the hangman dropped he would be going away with one of the world's greatest murders."

HUNGARY TO VOTE MONARCHY OR REPUBLIC.

The population of Hungary, a month hence, will take a public vote to decide on the question of a monarchy or a republic, according to an Exchange Telegraph dispatch from Copenhagen. In the balloting the women will have the same electoral rights as the men.

ANOTHER FIENDISH TRICK. American troops occupying the village of St. Martin Riviere on the British front, found within the bell of the church a powerful bomb connected by wire with the munitions on the high altar. The removal of the monstrance for benedictions must have caused the wreck of the church upon the kneeling worshippers. American engineers have prepared a report upon this attempted crime.

FINANCIAL MAGNATES UTILIZE OLD TIN CANS.

It is estimated that \$3,000,000 worth of used tin cans are wasted every year in Canada. A company, called Can. Conservers of Canada, Limited, has been formed in Toronto to collect these and cleanse, sterilize and re-top them for use again. It is understood that the Mackintosh-Mann interests and J. P. Morgan & Co. of New York, are interested in the undertaking.

Preparing for After War Conditions

Hon. J. D. Reid, minister of railways and canals, and Hon. S. C. Mevburn, minister of militia, held a conference with the presidents of the three great Canadian railways, to discuss the necessary arrangements for the transportation of Canadian troops from England to Canada and distribution to their homes at the conclusion of the war.

It is recognized that with the closing down of munition plants and other war industries, many men will be thrown out of employment in the near future, and it is the intention of the government, working in conjunction with the railways, to utilize this labor as much as possible, in anticipation of equipment requirements of the railways.

At the conference it was decided that the railways should go fully into the details and gather more complete information with regard to their future requirements. A further conference will be held in a few days, at which the situation will again be discussed and possibly a policy looking to the employment of munition workers in railway work be adopted.

German Government Will Be All Red

Germany's new provisional government will be all red; that is to say, the bourgeois parties will not be represented in it. This will not be because of their unwillingness to participate but because the Socialists, after a conference with the representatives of the former majority party in the Reichstag, officially refused to permit the bourgeois to enter the new government.

The plan is to give the Independent Socialists the vice-chancellorship and two other secretarial posts.

There are in dictations, however, that the Independents will demand more, but their demands have not as yet taken definite form. It is significant that the majority of the multitude of proletariats named daily are addressed to "comrades" rather than to "citizens" and that references are no longer made to "the people's republic" but to "the Socialist republic."

TO PREVENT POTATO ROT.

Pick over your potatoes about three or four weeks after you have stored them away. The wet weather this season increases the tendency to rot and unless the diseased potatoes are at once separated from the healthy, there will be heavy loss. Many potatoes that look good when harvested will decay after being in charge a few weeks.

Potatoes should be stored in a cool dry place. The cooler the atmosphere, of course, the better they will keep.

Boys Wool Jerseys, \$1.50 and \$1.75. Gibson & Tupper.

While celebrating peace a young lad in Fernie, B. C., had his hand blown off with a cannon firecracker.

The Overland Greenhouse is doing a big business in flowers at the present time. Orders are being sent in from all parts of Saskatchewan, and Alberta.

Nurse Murray, one of the trained nurses at our hospital here, received the sad news on Tuesday that her brother died in Medicine Hat from influenza.

Several oil drilling rigs, supposed to be the property of the Imperial Oil Company, are moving into the Peace River field, and are to be used to drill wells over the northern oil areas.

A. R. Ballantyne, C. P. R. station agent here, has been moved to Calgary. The move is being made in order that Mr. Ballantyne expects to return again in three months. W. Thompson is at present acting as agent here.

During the two weeks ending Oct. 11, 22 new convalescents, with an aggregate capital of approximately three and a half million dollars, were registered by the Provincial Secretary of Alberta.

A young homesteader named Dixon, of Suffield, died suddenly from the "flu" last Friday. Dr. R. R. Stoner was called from here but the young man had passed away just a few minutes before the doctor arrived.

Dr. Brown, who contracted the "flu" himself last Sunday, is now progressing very favorably and he expects to be around again in a few days. During his illness Dr. R. R. Stoner is attending to the patients.

A provincial police was in town last Monday and took the names of a number of our citizens who were going around town without masks. They are expecting to be summoned any day. Chief Roberts also had a number arrested and fined.

Owing to the epidemic, which has centralized the calling off of all public gatherings, social functions and visiting, there is a great dearth of local news. We mention this merely to remind our readers that we are still on the job and that local news items are a scarce article these days.

E. J. Crowe has made a reputation for himself as a chicken raiser. Last spring he raised a number of young chicks from an incubator and since then he has nursed them along so tenderly that they are now great pets and a credit to their foster parent. They are fine big birds and although only months old are laying every day.

L. M. Mansfield, of the Harvest Vale district, has decided to give up farming for the present and go back to railroading. Mr. Mansfield is a telegraph operator and before leaving that business held several important and responsible positions in railroad circles. Mr. and Mrs. Mansfield are among the most popular couples in this district. They have always taken an active interest in everything in the interest of the district and their removal will leave a gap which will be hard to fill. Their many friends wish them success in their new venture and will anxiously watch for L. M.'s advancement in Canadian railroad circles. He expects to go to British Columbia next week.

Last Appeal

For Victory Bonds

The Review Received the Following message from R. J. Stead yesterday morning:

Calgary, Nov. 12, 1918. W. H. Heston,

Review, Redcliff.

This week's issue of your paper will be the last opportunity to urge your readers to buy more Victory Bonds.

With just peace secured by the signing of the armistice, our men are also most not weak, but redoubtable our efforts and go over the top with the money Canada needs before Saturday night.

Please accept thanks and appreciation for the splendid assistance rendered by your paper.

ROBERT J. STEAD, Chairman Publicity Committee for Southern Alberta.

Southern Alberta

Passes Objectives

This morning's Calgary Albertaian says: "Telegraphic advice from all over Southern Alberta were pouring into the executive headquarters in the Southern chambers last night. There were fifty-one district headquarters in the territory from Red Deer to the boundary, and while a few had still to be heard from when midnight had passed enough figures had come in to show that over four hundred thousand dollars will be published later in the day. This added to the figures for the city of Calgary will bring Southern Alberta's grand total to last night well over \$9250,000.

Southern Alberta's allotment was \$3,500,000.

Government Plans

For Demobilization

Plans for the demobilization of Canada's army are under way, and a committee for dealing with the problem which will have to be faced in connection with the return of the troops has been formed in the militia department.

There is no indication that any considerable number of men will go to Siberia. There are nearly 10,000 deserters in the country, it is estimated and there is no present inclination to show mercy or grant amnesty.

The German soldiers in various sections of the occupied territory have apparently been getting out of hand. In some places they have attacked their commanders and raised the red flag of revolt.

Freeman Buy Bonds.

Slaves Wear Them!

Second Hand Goods Bought and Sold

I have opened up a Second Hand Store on First Street, Redcliff, just south of the Post Office, and have on hand a Good Stock of All Kinds of Useful Articles for the House and the Farm. Call and see me if you want to buy or sell.

1st St. J. H. LEWIS, Redcliff

Albert Arnold, the Verdon Valley Farmer, who on Monday night last shot and killed Tip Blaine, of Drumheller, was committed for trial on the charge of murder.

New books are arriving all the time at Blundell's.

The First Thing to do Tomorrow Morning is:

BUY A VICTORY BOND

After that call around here and get a good cigar and smoke it to let the people know you are glad you were able to do your bit by buying a bond. Every little bit helps.

Remember our cigars are at the old pre-war prices.

All Kinds of Pipes, Tobacco, Candles, Nut Bar Soft Drinks, etc., etc. Always on Hand.

E. J. CROWE, Barber Shop and Pool Room in Connection.

Early in 1910 three families, the heads of which had for many years been farming rented land south of the line, moved together to Alberta and took up 100 acres. This year harvested 19,400 bushels of oats and flax. From their grain crops most of them will realize between \$5,000 and \$10,000 each on the season's working.

The Bank will trust you

Perhaps you never had an account in a bank—maybe you've never done business in a bank—hardly even cashed a cheque in one. But—

that's no reason why you cannot go to a bank and borrow money to buy Victory Bonds.

If you are a steady, industrious, thrifty citizen, working and saving a part of your income, you are just the kind of person Canada's chartered banks stand ready to help to-day.

Any bank will lend you as much money as you can save during the next twelve months, with which to buy Victory Bonds.

All you have to do is to pay ten per cent. of the amount you want to buy and deposit the receipt for that ten per cent. in the bank.

The bank will lend you the 90 per cent. balance at 5½ per cent. interest and will give you a year to repay it, the interest you get on your bond being just the same as the bank charges you.

This is a fine opportunity for you to begin a real savings account, to make a first-class investment and to help your country at the same time.

Why not see a banker to-day—he will tell you all about it and you will be glad of the advice and help he can give you.

Borrow and Buy Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada
